

As the new Marketing Director at Ethernity Networks, I am privileged to welcome you to the Autumn 2019 edition of the ENET Insights newsletter.

Over the coming months, we hope to bring you fresh new content, in a newly designed website and a soon-to-be-announced webinar. In the meantime, I hope you'll enjoy the content we have collected below and find it useful.

I welcome your feedback at briank@ethernitynet.com, and I look forward to the opportunity to work together.

All the best,

Brian Klaff,
Marketing Director
