ETHERNITY NETWORKS LIMITED

("Ethernity" or the "Company")

Appointment of joint broker

Ethernity Networks (AIM: ENET.L), a leading supplier of data processing offload solutions on programmable hardware for accelerating telco/cloud networks, is pleased to announce that it has appointed VSA Capital Limited ("VSA Capital") to act as joint Corporate Broker in the UK and China with immediate effect.

China, where the Company has active 5G UPF engagements with local OEMs, will be a significant market for Ethernity with the expected rapid development of 5G technology. VSA Capital has strong connections with China and an office in Shanghai, and this appointment will enable Ethernity to improve its links with the region. VSA Capital will also be publishing investor research on the Company.

About Ethernity (www.ethernitynet.com)

Ethernity Networks Ltd. (AIM: ENET) provides innovative, comprehensive networking and security solutions on programmable hardware for accelerating telco/cloud networks performance. Ethernity's FPGA logic offers complete Carrier Ethernet Switch Router data plane processing and control software with a rich set of networking features, robust security, and a wide range of virtual function accelerations to optimize telecommunications networks. Ethernity's complete solutions quickly adapt to customers' changing needs, improving time-to-market and facilitating the deployment of 5G, edge computing, and different NFV appliances including 5G UPF, SD-WAN, vCMTS and vBNG with the current focus on 5G emerging appliances.
